COMMUNITY BUDGET MEETINGS

2019-2020

**Help shape priorities for next year's budget!
*Your Input Matters!***

School Committee members want to hear from you about how we can better serve Chelsea students. Two opportunities to give your input are coming up.

Why should you come to these meeting?

- Learn where funding comes from. Find out how it is spent today.
- Give input about which programs and priorities *you* think matter most for our children!
- Share ideas about how the school department could save money!
