

Join the

5DP Teacher Advisory Board

Building on the success of last year's board, members will:

- Give input and feedback on the ongoing work of the 5DP
- Help build collaboration and share best practices across the five districts by supporting two in-person events, including the second annual 5DP Educator Showcase
- Advise 5DP leadership and district leaders on matters important to the board such as common planning time, assessment and data use, and other topics determined by the members

We're looking for teachers who:

- Represent all grade levels and subject areas across the five districts
- Want to share ideas, learn about new resources, and collaborate with educators beyond their schools
- Are familiar with the 5DP materials (either from using them, developing them, or looking forward to them in grades/subjects where they are still under development)
- Are able to commit to attending all meetings and events listed below as well as 1-2 hours of time in between meetings

Teacher Advisory Board Meetings will be on Wednesdays, from 1:00-3:00pm at Revere High School on November 15th, December 13th, February 7th (snow date: February 14th), April 11th, and June 6th. Plenty of parking available and snacks will be provided.

Note: Meeting dates and times may be adjusted as needed by the group. Can't make some of the meetings? Just note any conflicts in your application.

**Apply or nominate a colleague at
www.5districts.com**

Applications will be accepted on a rolling basis. All applications due by October 31st.
