

# Now Enrolling!

The Salvation Army Kids' Club is now enrolling!

We accept state-issued vouchers from Child Care Choices of Boston. Income-based subsidy may be available through the program for those that qualify. We offer full and part-time care; Families interested in part-time care must commit to attend the program on the same days each week.

#### Cost:

Full-Time Enrollment (Monday-Friday): \$110.75 per week

Part-Time Enrollment: \$22.15 per day

*\*The cost is the same for both the after-school and summer programs. To guarantee continued placement in the program, families are responsible for payment regardless of attendance.*

Call Allison at 617-884-3836 for more information about our summer and after-school programs!

#### Transportation

Transportation from the Burke Elementary Complex and The Early Learning Center to the program is provided through Austin Transportation, LLC. The cost of transportation from your child's school to the program (one way) for one child is \$6.00 per day. Unlike tuition fees, you are only responsible for paying for transportation on days your child actually uses it. Families that have vouchers or contracted slots through EEC may be able to have their transportation costs covered via subsidy. Privately paying families will be expected to pay their total fee for transportation every Friday in a check or money order separate from tuition payments. Please note, we do not offer transportation from the local middle schools.

Please speak to Allison if you are interested in transportation to the program for your child.

# The Salvation Army Kids' Club

**An Enriching After-School and Summer Program for Kids in Kindergarten through age Thirteen**

Call 617-884-3836 for more information

## About Kids' Club

The Salvation Army Kids' Club is a state-licensed program that offers after-school and summer care for children in Kindergarten through age thirteen. The program is open daily from 2:00pm-5:30pm when school is in session. Hours are extended during school holidays and summer breaks, with care being offered from 8am-5:30pm.

The program is staffed by a Program Director, a Site Coordinator, Group Leaders and Volunteers. All staff members are held to the standards of employment set by The Department of Early Education and Care, and are subject to background checks prior to beginning employment.

The Salvation Army Kids' Club offers unique and enriching learning opportunities in a safe and friendly atmosphere. Children are encouraged to express themselves in art, science, music and play. A variety of activities and a lively staff ensures that the children that attend Kids' Club will never get bored!

Children of all backgrounds and abilities are welcome!

### After-School Activities

During the school year, children attend the program from 2:00pm to 5:30pm. Children arrive to the program and have mandatory homework time until 3:30pm. Well-qualified Group Leaders and Volunteers are always available for homework help. If children do not have homework, they are able to play in the gym or read quietly during this time. At 3:30pm, all children separate into age-based groups, are offered a snack, and have a half hour to socialize and finish-up homework. Then, everyday beginning at 4:00pm, children participate in one of our planned enrichment activities that range from science experiments to literacy skills to making healthy choices and more. Free time at the nearby park and the option to participate in a Christian education program add to the well-rounded curriculum, and offer further variation to our busy after-school schedule!

### Summer Fun!

The summer program at Kids' Club is very exciting! Children attend the program from 8am-5:30pm. They are offered a Department of Education sponsored breakfast (8:00am-8:45am) and lunch (12:00pm-12:30pm) each day, and enjoy a nutritious snack in the afternoon. At least once a week the children go on a program-sponsored field trip (the Aquarium, the Swan Boats at Boston Common, and Frog Pond are a few examples!) that are intended to expose them to art, history and the rich culture of Massachusetts. Frequent trips to the local pool, visits to the park, movies, gym time, arts and crafts, and much more create an exciting and activity filled summer!
